

Lipidomics Core Facility

Price list for 2016

All prices are in HUF and VAT is excluded. In case of commercial requests discounts can be established based on the type of analysis and the number of samples.

The users of the Lipidomics Core Facility agree that in their publications or power point presentations using the data acquired in/with the help of Lipidomics Core Facility, in the „Materials and Methods” or „Acknowledgment” section they mention that *“The analyses were carried out at the Lipidomics Core Facility, Department of Biochemistry and Molecular Biology, University of Debrecen”* and send a pdf of the paper, a copy of the figure or the first and last slides of their presentation to the Lipidomics Core Facility as soon as possible but maximum to the end of each year.

Services	Price for BMBI	Price for laboratories from UD Faculty of Medicine	Price for academia	Price for companies
Mass spectrometry analysis*				
Lipid quantification up to 10 analytes	8000	9000	12000	16000
Lipid quantification of 10-15 analytes	12000	13000	14000	24000

* The price can vary depending on the standards required. The current price contains an average price for the deuterated and non-deuterated standards by Cayman Chemicals. If rare standards or different vendor is required the calculated price can change. For the exact pricing and quotation please contact Dr. Eva Csoz prior the analyses.

For further enquires please contact the Core Facility Manager.
